## The Word

**Scripture** Dave Prov 1:1-9, 20-21 (NIRV)

Dave Mary & Logan

Proverbs teach you wisdom and instruct you. They help you understand wise sayings. They provide you with instruction and help you live wisely. They lead to what is right and honest and fair. They give understanding to childish people. They give knowledge and good sense to those who are young. Let wise people listen and add to what they have learned. Let those who understand what is right get guidance. What I'm teaching also helps you understand proverbs and stories. It helps you understand the sayings and riddles of those who are wise. If you really want to gain knowledge, you must begin by having respect for the LORD. But foolish people hate wisdom and instruction. My son, listen to your father's advice. Don't turn away from your mother's teaching. What they teach you will be like a beautiful crown on your head. It will be like a chain to decorate your neck. Out in the open wisdom calls out. She raises her voice in a public place. On top of the city wall, she cries out. Here is what she says near the gate of the city.

The word of God for the people of God

## Invitation & Offering

Offering Prayer: Proverbs 1                      Communion help:

Divine Source of Wisdom, we bring these offerings with hearts attuned to your call. As we gather in your presence, may our gifts reflect the wisdom and discernment you desire for us. Use these offerings to nurture understanding, compassion, and justice in our world. Guide us to listen and act with insight, spreading your love and grace. Transform our giving into actions that make a difference. Help us grow in our faith and commitment to your ways. In the holy name of Jesus, we pray. **Amen**

## The Sending:

May you be blessed with a holy resolve to hold tight to Wisdom wherever she may guide you, knowing that Wisdom will always lead you down the path of God's love.

And all God's people say:

**AMEN! Thanks be to God!**

And at Skyline we say:

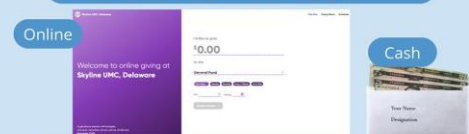

**Our worship is over, let the service begin!**
